10 Minute Mail

Free Temporary Email

Why would you use this?

Maybe you want to sign up for a site which requires that you provide an e-mail address to send validation e-mail to. And maybe you don't want to give up your real e-mail address and end up on a bunch of spam lists. This is nice and disposable. And it's free. Enjoy!

Keyboard Covers

Susan Klement says, "I buy them on eBay and won't include a link because there are a great many of them for whatever Mac a person has. They come in various colors, too. I find they last for more than a year and save my keyboard from dust, crumbs, and coffee spills. Eventually the keys I use the most get a hole in them, so I buy another. (I always have a spare on hand as I wouldn't want to use my keyboard without a cover.) They're inexpensive, hardly noticeable, visually or by touch, in use, and would make an original gift." Be sure to find one that fits your keyboard.
